

# Curriculum Vita

Name: Fahimeh

Surname: Ramezani Tehrani

Nationality: Iranian

Date of birth: 05/05/1966

Place of Birth: Qazvin/Iran

Marital status: Married

## Academic Educations:

- Tehran University, School of Medicine  
General Medicine  
Tehran Iran 1984-1990

- Tehran University School of Medicine  
Obstetrics &Gynecology  
Tehran Iran 1990-1994

- Harvard School of Public Health  
Takemi Fellowship,  
Boston, USA 2004-2005

## Academic Position:

- Assistant Professor of Medicine  
Qazvin Univercity, School of Medicine 1994-2001

- Associate Professor of Medicine  
National Medical Research Center 2001- 2007

- Associate Professor of Research Institute  
for Endocrine Sciences 2007-2011

- Professor of Research Institute  
for Endocrine Sciences 2011- to date

## **Official Positions:**

- Member, Council for Community Oriented Medical Education 1995-97
- Member, Council for Reduction of Maternal Mortality 1995-97
- Director of National Research Center for Reproductive Health 1997 - 2007
- Director of National Reproductive Health Committee for Policy making 2000 - 2007
- National Director of UNFPA Project 1997 - 2004
- Member of Breast Cancer Commission 1999 – to date
- Member of National AIDS Commission 2001 – to date
- Member of National Committee of Elimination of Violence against women 2002 - 2006
- Member of United Nation Country Team for Millennium Development Goals Campaign 2002 - 2007
- Member of National Committee for Scientific Association 2006 - to date
- Member of National Medical Ethic Committee 2007 - to date
- Member of National Committee for Medical Researches 2007 - to date
- Member of National Committee for Medical Journals 2009 – to date

## **Training Courses:**

- Workshop on Research Methodology –Iran 1997
- Workshop on Advanced Methodology for Reproductive Health Research Iran 1997
- Workshop on Report Writing – Iran 1997
- Workshop on Focus Group Discussion (by Judi Abbot) Iran 1998
- Workshop on Qualitative Research (by Garsia Noonez) Iran 1998

- Workshop on Operational Research, Nepal, C.S.T Committee WHO 1998
- Workshop on Statistical Software (Stata) Iran 1998
- Workshop on Statistical Software (SPSS) Iran 1998
- Workshop on Statistical Software (Stata) Iran 1998
- Workshop on Clinical Trial Iran 1998
- Workshop on Focus Group Discussion (Advanced), Iran 1999
- Workshop on Strengthening Researcher Capability, Iran 2000
- Training course on Reproductive Health Research for Adolescence, Syria by WHOM, 2001
- Workshop on Data Analyzing and Interpretation (by Khan) Iran, 2001
- Workshop on Total Quality Management, Iran, 2002
- Workshop on Strategic Planning, Iran, 2002
- Training course on Counseling in HIV/AIDS Program Iran, 2003
- Training course on Health Communication in Sensitive Issues, Iran 2003
- Harm Reduction Workshop, Iran, 2004
- Workshop on Integration of HIV/AIDS in PHC, Iran, 2004
- Infertility training course, Boston IVF center, supervisor Dr. Selwyn P. Oskowitz, 2004-2005

**Clinical training course:**

- Infertility training course, Boston IVF center, supervisor Dr. Selwyn P. Oskowitz, 2004-2005
- Urogynecological surgery course, Urogynecologic Departement, supervisor Dr. Peter Rosenbelt , 2005-2006
- Short training course on Laparoscopy & Hysteroscopy, 2007,2008,2009,2010, each year one week.

## **Participation in International Conferences/ congresses/ seminars/ meetings**

- 1- 14<sup>th</sup> international AIDS conference, Spain, 7-12 July 2002, Oral presentation; Promotion of sexual reproductive health among youth of Islamshar.
- 2- 25<sup>th</sup> congress medical women's international association, Australia, 20-24 April 2002, Oral presentation; Unwanted Pregnancy in Tehran, What are the risk factors?
- 3- 18<sup>th</sup> world conference on Health Promotion and Health Education, Australia, 26-30 April 2004, Oral presentation; Smoking habits of general practitioners in Iran.
- 4- The 4<sup>th</sup> Congress of the European Society of Contraception & Reproductive Health Care, UK, 10-15 June 2004, Oral presentation; Peer group education in sexual reproductive health among university students.
- 5- 3<sup>rd</sup> Asia Pacific Conference on Reproductive and Sexual Health, Malaysia, 17-27 November 2005, Oral presentation; Knowledge, attitude and practice regarding HIV/AIDS among Iranian at risk population.
- 6- Reproductive Disruptions (Childlessness, Adoption and other Reproductive Complexities), USA, 19-22 May 2005, Oral presentation; Gender disparity in reproductive health needs of youth.
- 7- International Seminar on Sexual and Reproductive Transitions of Adolescents in Developing Countries, Mexico, 6-9 November 2006, Oral presentation; Reproductive Knowledge, Attitudes and Behavior Among Adolescent Males in Tehran, Iran, and risk taking sexual behaviors among adolescent boys aged 15-18 in Tehran.
- 8- 15<sup>th</sup> International congress & ENDO EXPO SLS annual meeting, USA, 6-9 September 2006, Oral presentation; Laparoscopic treatment of polycystic ovaries with needle cautery.
- 9- 13<sup>th</sup> world congress of gynecological endocrinology, Italy, 2007, Oral presentation; What are the risk factors of premature ovarian failure and early menopause among under coverage of Tehran East Health Center?
- 10- 13<sup>th</sup> world congress of gynecological endocrinology, Italy, 2007, Poster presentation, Menarcheal age of mothers and daughters: Tehran Lipid and Glucose.
- 11- 8<sup>th</sup> International Congress of Endocrine Disorders & 2nd Arab-Iran congress of Endocrinology & Metabolism, Tehran, 27-28 October 2009, Oral presentation;

- Does considering polycystic ovary syndrome according to the Rotterdam consensus change its association with metabolic factors.
- 12- 8<sup>th</sup> International Congress of Endocrine Disorders & 2nd Arab-Iran congress of Endocrinology & Metabolism, Tehran, 27-28 October 2009, Oral presentation; Is ovarian ageing is delayed in women with PCOS?
  - 13- 1<sup>st</sup> Arab and Iranian Congress of Endocrinology and diabetes, Syria, 9-11 April 2008, Invited speaker; Prenatal complication of PCOS.
  - 14- 8<sup>th</sup> International Congress of Endocrine Disorders & 2nd Arab-Iran congress of Endocrinology & Metabolism, Tehran, 27-28 October 2009, Chairman; Controversies in the definition of PCOS.
  - 15- UNFPA Report, UNFPA, 24 May2009, Invited speaker; Study on Reproductive Morbidities of women.
  - 16- 65<sup>th</sup> Annual meeting ASRM 2009, USA, 17-21 October, 2009, Poster presentation, Is polycystic ovary syndrome an exception for reproductive aging?
  - 17- 9<sup>th</sup> Asia and Oceania Thyroid Association Congress, Japan, November 2009, Poster presentation,Is thyroid function associated with components of the metabolic syndrome in euthyroid subjects of reproductive age?
  - 18- Human Reproduction, Vol.25, Supp.1-2010 (26th annual meeting ESHRE), Italy, 27-30 June 2010, Oral presentation; Whether age at menopause is predictable using AMH serum concentration?
  - 19- 20<sup>th</sup> SLS anniversary meeting and endo expo, California, 14-17 September, 2011, Oral presentation; Reproductive Outcome After Laparoscopic Treatment of Mild Endometriosis in Unexplained Infertility.
  - 20- 21<sup>st</sup> SLS annual meeting, Boston, 5-8 September, 2012, Oral presentation; Whether ovarian reserve is reduced in women with polycystic ovary syndrome who underwent laparoscopic ovarian drilling.
  - 21- 10<sup>th</sup> congress on obstetrics and gynecology, 26-29 Sep 2013, Tehran. Iran. Oral presentation; rape.

### **Research Projects:**

- 1- Reproductive health needs of university students, 1991-2001
- 2- A comparative study on early complication of two different methods of tubal ligation by laparoscopy(Filishi clip or Bipolar Electro coagulation), 1996-1999
- 3- Prevalence of infertility in Iran, 1997-1999
- 4- Unwanted pregnancy and its effective factors, 1997-1999
- 5- Reproductive history of Iranian women,1997-2000(with UNFPA)
- 6- Postpartum counseling of family planning,1997-2001
- 7- Premarital counseling of STDs/HIV/AIDS, 1997-2001(with UNFPA)
- 8- Comparison of thyroid function tests in vaginal delivery versus cesarean section,1999-2000

- 9- A comparative study of side effects and accessibility of two different kinds of injectable contraception (DMPA-CYCLOFEM),1999-2001
- 10- A survey on early and late complication of menopause,1999-2001
- 11- A comparative study of K.A.P of girls about adolescence Reproductive Health in three different groups(counseling through parents or teachers and no counseling), 1999-2002
- 12- Thyroid function tests in preeclamptic pregnancy, 2000-2001
- 13- Promotion of reproductive health among youth, 2001-2004
- 14- Promotion of sexual reproductive health of university students, 2001-2005 (with UNFPA)
- 15- Evaluation of pre marriage counseling programs, 2002-2003(with UNFPA)
- 16- Study on reasons for couples who change their methods, 2002-2004
- 17- Survey of reproductive health needs of men for family planning and maternal health, 2002-2004(with UNFPA)
- 18- Follow up survey of women and men using contraception and their reasons for discontinuation, 2002 -2004(with UNFPA)
- 19- Reproductive health knowledge, attitude and practice of middle and late unmarried adolescence boys in context of prevailing psychosocial condition, 2002-2004 (With WHO)
- 20- An interventional study for elimination of HIV/AIDS in high risk selected area of Iran, 2002 -2005 (Collaboration research project WHO)
- 21- A qualitative research study on violence against women, 2002 in progress (Collaboration research project UNFPA)
- 22- A multidisciplinary approach for promotion of reproductive health among youth, 2003-2005 (Collaboration research project WHO)
- 23- A quantitative study of high risk behavior in regard to HIV/AIDS among adolescence, 2004-2005 (Collaboration research project UNICEF)
- 24- Knowledge, Attitude, and Practice (KAP) Study of Tobacco Use by General Physicians, Iran Ministry of Health, Funded by World Health Organization (WHO), 2004-2005.

- 25- Revising the counseling centers for university students, 2005-2006 (with IPPF).
- 26- Capacity assessment of reproductive health organization, UNFPA, 2006-2007
- 27- Exploring demand for health research by national policy makers: an empirical approach, WHO, 2006-2007
- 28- A study on the trend of menopausal age trend in Tehran Lipid and Glucose Study population, 2007
- 29- The impact of menopause incidence of cardiovascular disorder and metabolic abnormalities (hypertension, diabetes ..), 2007
- 30- Assessment of the prevalence of PCO based on NIH and Rotterdam criteria, 2007
- 31- Assesment of the female reproductive morbidities , UNFPA and Ministry of Health and Medical Education, 2007-2008
- 32- Prediction of menopause using Anti-Mullerian hormone, 2007-2008
- 33- Survey on health Status of menopausal women , 2008
- 34- Association of vitamin D receptor, PTH gene, Insulin and Adiponectin gene with PCOS, 2008-2010
- 35- Motivators and barriers behaviors for prevention of non communicable disorders, 2008-2010
- 36- The influence of serum lipoprotiens and body mass index on the age of menarche, 2009
- 37- Age at menopause and its related factors (TLGS), 2009
- 38- Discovery of novel loci for age at natural menopause in Iranian population, 2009-2011
- 39- The comparison of Anti-Mullerian hormone serum concentration of women with poly cystic ovary syndrome and a eumenorrhagic women in Tehran Lipid and Glucose study, 2009-2011
- 40- Genome-wide association of age at natural menopause (ANM) in Iranian community-based population: The Tehran Lipid and Glucose Study, 2009-2011
- 41- Development and testing a module for assessing the female reproductive morbidities, 2009-2011 Genome wide scans for menopausal age, 2009-2012

- 42- Induction of polycystic ovary syndrome in the female rat, 2010
- 43- The comparison of the effect prevalence of PCOS based on NIH and Rotterdam criteria, 2011
- 44- A comparison study on the effect of natural versus surgical menopause on the metabolic parameters and cardiovascular complication, 2011
- 45- The comparison of the effect of surgical & natural menopause on, metabolic parameters (2011-2012)
- 46- Validation and replication of Genome-Wide Association Studies to identify putative novel loci associated with ANM in an Iranian population: The Tehran Lipid and Glucose Study, 2011-2012
- 47- Effects of common variants in TCF7L2 and HHEX genes on polycystic ovary syndrome in Iranian patients, 2011 in progress
- 48- Replication of loci from Genome-Wide Scan of European population influencing ANM in Iranian women: The Tehran Lipid and Glucose Study, 2012 in press
- 49- Prediction of menopause using AMH serum concentration, 2012- in progress
- 50- Evaluation of relation between history and duration of lactation with metabolic syndrom later in life in women above 15 years old participating: Tehran Lipid and Glucose study, 2012 in progress
- 51- Assessment of hyperandrogenemia among women with anovulatory cycle in Tehran Lipid and Glucose study, 2008-2010
- 52- Concept and quality of life assessment of the quality among women with polycystic ovarian syndrome: A qualitative study
- 53- Molecular analysis of common tag polymorphisms in Insulin (INS), Follistatin (FTC) and Anti Mullerian Hormone (AMH) genes in patients affected with PCOS, 2011-2012
- 54- Protective behaviors of women at risk for HIV/AIDS: Model development and testing
- 55- The comparison of quality of life and sexual function in women with polycystic ovary syndrome: clinical and hormonal correlations, 2011-2012
- 56- Strategic Plan to Prevention Elective and control low-risk Cesarean section in Iran

**book writing:**

Reproductive morbidities among Iranian women, 2009

**International patent:**

Prediction of age of menopause using AMH serum concentration, 2010

**Thesis:**

- Evaluation of efficiency of weighting methods in analysis of case-control studies with complex sampling for evaluating the factors related to pelvic organs prolapsed in Iranian women. MS Biochemistry.
- The Study of AEC Co-culture with Human Monocyte Macrophage Population in Induced Tollerogenic Monocyte, MS Immunology.
- Evaluation on Chemerin levels in women with Polycystic ovary syndrome PCOS, MS Biochemistry.
- Barriers to condom use among women at risk of HIV/AIDS: A qualitative study from Iran, PhD Reproductive Health.
- Mental health status of menopausal women; a sequential mixed method study, PhD Reproductive Health.
- Evaluation on Omentin levels in women with Polycystic ovary syndrome PCOS, MS biochemistry, MS Biochemistry.
- Evaluation on Adipsin levels in women with Polycystic ovary syndrome PCOS, MS biochemistry, MS Biochemistry.
- Evaluation on Liptin levels in women with Polycystic ovary syndrome PCOS, MS biochemistry, MS Biochemistry.
- Designing a model to peredict menopausal age and its influencing factors using datamining models in Tehran Lipid and Glucose Study(TLGS), PhD Artificial Intelligence

- Evaluation on TNF- $\alpha$  and Adiponectin levels in women with Polycystic ovary syndrome PCOS, MS biochemistry, MS Biochemistry
