ACADEMIC EDUCATIONS

Bachelor's degree Shahid Beheshti University of Medical Sciences, Tehran, Iran
M.Sc. Ahwaz University of Medical Sciences, Ahwaz, Iran

ARTICLES

1. Comparison of the effects of vitamin E and Ibuprofen on the severity of primary dysmenorrheal
J Physiology&Pharmacology,2006,9(2)
Maryam Farahmand, Saleh Zahedi Asl, Zahra Abbaspour, Abdarrahan Rasekh
2. The influence of serum lipoprotiens and body mass index on the age of menarche
IJEM, 2009,11(4)
Maryam Farahmand, Fahimeh Ramezani Tehrani, Fereidoun Azizi
3. Effects of Vitamin E and Ibuprofen on amount, duration and interval of menstruation period bleeding in primary dysmenorrheal
J Kowsar medical, 2009, 14(1)

Maryam Farahmand, Saleh Zahedi Asl, Zahra Abbaspour, Abdarrahman Rasekh

4. Age at menopause and its related factors in Tehran Lipid and Glucose Study (TLGS)
Maryam Farahmand, Fahimeh Ramezani Tehrani, Fereidoun Azizi

The journal of Qazvin university of medical sciences,2011,15(1)
5. Prevalence of vaginitis in Iranian women;Symptoms &Clinical association

MEDICAL SCIENCES JOURNAL OF ISLAMIC AZAD UNIVERSITY, 2012, 22(1)
Fahimeh Ramezani Tehrani: Maryam Farahmand Mehrandokht Abedini Zeinab Hashemi
6. Barriers to a healthy nutrition from the perspective of Tehranian men: a qualitative study
Payesh, 2012,11(5)
Fahimeh Ramezani Tehrani, Maryam Farahmand, Parisa Amiri , Arash Ghanbarian, Fereidoun Azizi
7. Barriers to a healthy nutrition in women: a qualitative approach among Tehran Lipid and Glucose Study (TLGS) participants
IJEM, 2011, 13(1)

Fahimeh Ramezani Tehrani, Maryam Farahmand, Parisa Amiri *, Arash Ghanbarian, Fereidoun Azizi
8. Comparison of metabolic syndrome and it's components in postmenopausal women with natural or surgical menopause
IJEM, 2012, 14(2)

Maryam Farahmand, Fahimeh Ramezani Tehrani, Yadollah Mehrabi, Fereidoun Azizi
9. Prevalence of female sexual dysfunction and its effective factors; a community based study among women living in urban area of four provinces

Fahimeh Ramezani Tehrani, Maryam Farahmand, Yadollah Mehrabi, Hosein Malek Afzali, Mehrandokht Abedini
Payesh-Accept
10. Whether age at menarche is influenced with body mass index and lipoproteins profile?

Maryam Farahmand, Fahimeh Ramezani Tehrani, Fereidoun Azizi
IJRM, 2012,10(4)
11. Factors associated with menopausal age in Iranian women; Tehran Lipid and

Glucose Study

Maryam Farahmand, Fahimeh Ramezani Tehrani, Leila Pourrajabi, Masood Najafi, Fereidoun Azizi
JOGR, Accept, 2012

12. Dose metabolic syndrome & its components differ in naturally and surgically menopausal women?

Maryam Farahmand, Fahimeh Ramezani Tehrani, Masoumeh Simbar², Yadollah Mehrabi³, Marzieh Rostami Dovom¹, Fereidoun Azizi
EJOG, Under Review 2012

13. Prevalence of female sexual dysfunction in Iran

Fahimeh Ramezani Tehrani, Maryam Farahmand, Masoumeh Simbar, Hosein Malek Afzali Yadollah Mehrabi

Journal of Sex & Marital Therapy, Under Review 2012

PRESENTATIONS

- 1- 4th Congress of Health Promotion 2006(Oral)

Maryam Farahmand, Saleh Zahedi Asl, Zahra Abbaspour, Abdarrahan Rasekh
Factors in the treatment of primary dysmenorrhea

- 2- Third International Congress on Health and Crisis Management in Disaster 2008(Oral)

Maryam Farahmand, Zahra Farahmand

Maternal and child health in disaster

- 3- Scientific Congress, military and Disaster Medicine 2008(Oral)

Maryam Farahmand, Zahra Farahmand

Infants, children and Disasters

- 4- The role of women in Congress, Family and Community Health 2009(Oral)

Maryam Farahmand, Saleh Zahedi Asl, Zahra Abbaspour, Abdarrahan Rasekh

Therapeutic effect of vitamin E compared with Ibuprofen in bleeding of primary dysmenorrhea

Honorable Mention Gynecology Scientific Paper

- 5- 8th International congress of Endocrine Disorders 2009(Oral)
Maryam Farahmand, Fahimeh Ramezani Tehrani, Fereidoun Azizi
The study of serum lipoproteins in the event of menarche
- 6- 1th International Congress of Safe Pregnancy2010 (Oral)
Maryam Farahmand, Zahra Farahmand
Pregnant women's health in emergencies
- 7- 8th International Congress of obstetrics & gynecology 2009 (Oral)
Maryam Farahmand, Fahimeh Ramezani Tehrani, Fereidoun Aziz
Some of the factors affecting puberty and menarche
- 8- 2th International Congress of Medical ethics in Iran 2009 (Poster)
Maryam Farahmand, Zahra Farahmand
Ethics in medical research
